Security Assistance Monitor

**U.S. Defense Department Reports to Congress  
Section 1206/2282 and Section 333**

Dear Database User,

We are pleased to share with you the below data from this Defense Department report to Congress: “**Defense Department Notification for Section 333 to Build the Capacity of the National Military or National-Level Security Forces of Cameroon, Chad, Kenya, Mauritania, Nigeria, Tunisia, and Uganda.**”

This report was submitted to the U.S. Senate Armed Services Committee on March 16, 2018, and the Committee has labeled this report as report number 529. We reviewed and copied down the data from this report at the U.S. Senate Armed Services Committee in April 2018.

Please note this report includes data beyond the Defense Department’s Section 333 program. In many cases, these reports provide data from other U.S. security aid funding accounts or programs such as Foreign Military Financing or Peacekeeping Operations to help congressional staff understand the full scope of security aid to a Section 333 recipient.

We hope you will find it useful for your work. For questions or comments, please contact Christina Arabia at [christina@ciponline.org](mailto:christina@ciponline.org)

Sincerely,

**Colby Goodman**  
Director, Security Assistance Monitor
